

24"x12" VETERAN'S PLAQUE ON DOUBLE MONUMENT

### USING THE VETERAN PROVIDED BRONZE WITH A TRADITIONAL FAMILY MONUMENT

Garland Brook can install either the 5"x8" or 24"x12" bronze memorial on an existing or newly purchased monument at no charge for the installation. We no longer install veteran markers on the ground next to the marker or at the foot of the grave.

24"x12" VETERAN'S PLAQUE ON SINGLE SLANT

It is the family's responsibility to make sure the bronze memorial will fit on the marker. Measure and plan. Polished or sawn edges work best. Attaching bronze plaques to "rock pitch" surfaces is almost impossible and is an additional expense to the family. Plan an area for the plaque when designing the inscriptions.

### IF YOU PLAN TO BUY A FAMILY MONUMENT LATER

Garland Brook can install the granite or the bronze marker on concrete at no charge to the family.

If the family chooses to install the veteran bronze marker on concrete and later purchases a monument the bronze may be able to be attached at the family's expense to the monument.

If the family chooses the veteran granite marker on concrete and later purchases a monument the granite marker will need to be removed. OR The family also has the option of purchasing a granite base similar to those in the veteran section as shown below and displaying the veteran granite as a monument.

### USING THE VETERAN PROVIDED GRANITE AS A MONUMENT IN TRADITIONAL AREAS

Families may install the 24"x12"x4" veteran granite on a purchased granite base. The veteran granite may also be installed standing up or flat at no charge to the family

### NO COST OPTIONS USING ONLY THE VETERAN MEMORIAL IN TRADITIONAL AREAS

If you choose the 24"x12"x4" granite marker, we can install this marker vertically or horizontally on concrete. We can include a concrete extension for you to place an urn of flowers. Tell us your no-charge installation choice.

If you choose a 24"x12" bronze marker. We can install the marker on concrete with a concrete extension for a flowerpot at no charge. Tell us your no-charge installation choice.

In some situation granite bases made later be added a the family's expense.

### VETERAN SECTIONS 82 & 85

Only standard 24"x12"x4" granite veteran markers are used in this area. Family memorials are never used. In the Veteran areas the cemetery provides a granite base for the veteran granite marker
